ABOUT US

Putt Mania was created by the same minds behind LaserBlast and their highly durable, futuristic laser tag equipment. We have worked with over 500 family entertainment centers in over 30 countries since 1997.

We believe in creating innovative, high-quality products that are backed by industry-leading support. Our founders made use of decades of real-world engineering experience to design a modernized, high-tech mini golf solution that fits your existing indoor mini golf course.

Ditch the paper scorecards and renew the excitement of the beloved fun center attraction with Putt Mania.

GETTING STARTED

9-hole courses tend to need around 2,000-2,500 sqft (762 sqm) of space, while 18-hole courses tend to need around 3,000-4,000 sqft (1,066-1,371 sqm) of space. Though 9 and 18-hole courses tend to be the most common, you can vary the number of holes to match your space.

Putt Mania allows groups of up to 6 to play on the same hole at the same time. To maximize throughput, groups can start on different holes, minimizing waiting time. Our course management screen allows staff to monitor what is happening on the course and assign groups accordingly.

We recommend working with an experienced mini golf fabrication company to **build and theme your course**. We can recommend the best fit—whether it's one of our partners or your preferred fabricator. **Putt Mania** can also be installed on existing courses built with bricks, concrete, wood, foam, or plastic.

Industry average pricing tends to fall around \$0.75/hole per player; however, it is easier to justify charging \$2-3 more per game with premium features like what Putt Mania offers. Mini golf is often looped in with party and unlimited play packages. **The expected ROI for a mini golf attraction is around 12 months.**

RETROFITS TO ANY INDOOR MINI GOLF COURSE

Putt Mania retrofits to your new or existing indoor mini golf course, allowing you to **upgrade your customer experience** without overhauling your entire attraction.

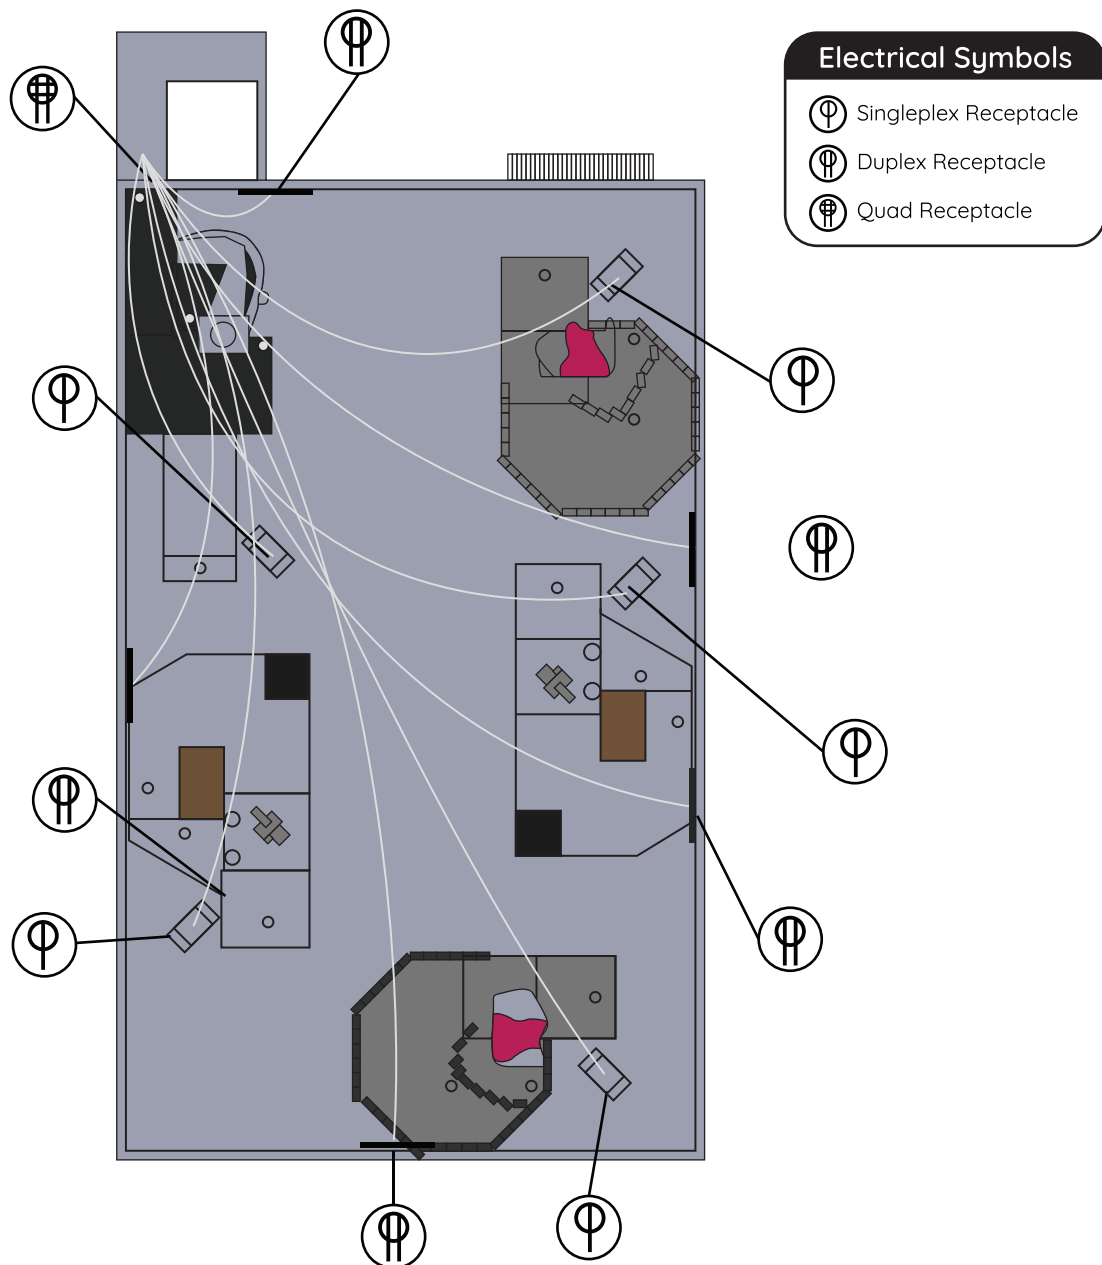

Maintain the fun of traditional mini golf gameplay, with **up to 6 players putting on the same hole at the same time, in any order**, while adding exciting new features like **automatic scoring, interactive lights and sounds, digital hole markers, live leaderboards**, and more.

All Putt Mania features can be added to both new and existing mini golf courses. Lights, sounds, televisions, tees, cups, midpoint sensors, and more **can be used with any indoor mini golf attraction**. Plus, we have a **wide variety of customization options**, allowing you to tailor your Putt Mania attraction perfectly to the theme of your existing course.

POWER & WIRING REQUIREMENTS

There are a few wiring and power requirements needed to successfully install Putt Mania at your family entertainment center. While every layout is unique, we've provided an example of the power and data needs below:

- ✓ CAT 5/6 wires all run back to the server.
- ✓ One CAT/5 wire is needed for each leaderboard TV & each hole marker.
- ✓ A centrally-located ceiling-mounted switch can be used with a single home run back to the server if preferred.
- ✓ Each hole marker requires a single power outlet.
- ✓ Each leaderboard TV requires a duplex power outlet.
- ✓ The server requires a quad power outlet.
- ✓ All hole makers & leaderboard TV outlets must be switched for nightly power off and morning power on.

FEATURES

AUTOMATIC SCORING

Pencil and paper scoring is so outdated! **Our self-scoring, LED-lit golf balls actually track your strokes as you putt.** Scores are tracked and displayed at each hole on both our digital hole markers and 42" live leaderboards.

TRADITIONAL GAMEPLAY

Putt Mania allows for groups of up to 6 players to play on the same hole at the same time, in any order. **Maintain the beloved traditional mini golf gameplay while adding new and exciting features** to enhance the guest experience.

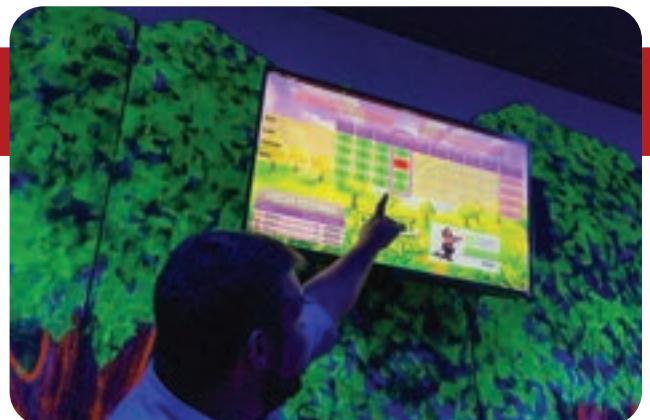

DIGITAL HOLE MARKERS

Easily view and adjust your scores at each hole with our digital touchscreen hole markers. Background images and ads are fully customizable, allowing you to match your hole markers to your attraction theme. Plus, did we mention they have built-in cup holders?

LIVE LEADERBOARDS

Boost the competition and the fun with our 42" leaderboards placed at every hole. **Players will see their score and interactive animations** as they navigate the course, giving them bragging rights and allowing them to celebrate skilled shots together.

FEATURES

VOICEOVER COMMENTARY

Laugh, cheer, and have a great time with Putt Mania's voiceover commentary. **Encouraging and playful banter** played from our hole marker speakers will drive the competition and add even more excitement to the game.

BONUS CUP OPTION

Add an additional cup to any or all of your golf holes to augment gameplay and create an opportunity to score bonus points. **Bonus cups bring an enhanced challenge for players and add more variety to gameplay**, promoting both excitement and replayability.

CUSTOMIZATIONS

Various customization options allow you to **create an experience tailored to your fun center**. Scoreboard and hole marker backgrounds, music and sound effects, and onscreen advertisements can all be customized to better fit your branding.

ONLINE SCORING

Allow players to access **game scores on their phones** with the simple scan of a QR code. Players can view their scores and see how they stack up to other players. Just because you ditch the paper scorecards, doesn't mean players cannot look back at their scores!

TEAM NAME #	BEST PLAYER #	BEST PLAYER SCORE #
PEACOCKS	REGINA	22100
TORTOISES	DANIELA	13900
LEOPARDS	LURS	19400

MUSTANGS	JORGE	18200
FALCONS	LEO	11800
BEARS	MORGAN	8500
TIGERS	CLAUDIA	17900
LIONS	RONA	18500
RAVENS	RICARDO	8200

BRING YOUR MINI GOLF TO LIFE

DMX Integration

Trigger a variety of special effects that help bring your attraction to life, from audio and special lighting effects to fog effects and more with DMX integration.

Reactive Lighting

Our lighting changes colors and patterns for various events, like when the hole is not in use, tee-off mode, active play mode, and celebration mode when the ball lands in the cup. You can also create your own customizable patterns.

Par Tee Projector

Our Par Tee Projector brings awe-inspiring, **interactive video animations to your mini golf course**. Themed videos that appear based on what is happening in the game will bring your attraction to life and WOW your guests.

Prop Sensors

A sensor is placed inside a prop that guests can putt through, recognizing when the ball passes over it. The sensor can trigger audio and DMX effects, as well as award point bonuses, **encouraging guests to take more trick shots and adding dimension to the game.**

Custom Sounds

Complete with two booming 240W speakers, each hole marker can be customized with both music and effect audio, allowing you to **make each hole its own unique experience based on your theme.** Each cup can express a unique sound effect when the ball is sunk in the cup.

GAME TYPES

TRADITIONAL

The mini golf game as you've always known it: Play with up to 6 players at the same time on the same hole, and have fun! **Our balls track strokes, display them on TVs, and interactive effects enhance the course.**

TIME-BASED

Once the ball is placed on the tee, a **countdown timer starts**. As the timer decreases, the point value decreases. They receive the points listed when their ball reaches the cup.

TIME RANK

Players are ranked by place (1st, 2nd, 3rd, etc) **based on their order of landing the ball in the cup**. The better the place they get, the higher the points.

STOPLIGHT

Points are awarded based on the color of the cup (**red, yellow, green**) when the ball lands in it. Audio signals are also given, indicating the stoplight instructions.

PRICING

Exact pricing will vary based on course materials, number of holes, and options selected. Please contact us for a tailored proposal.

9 HOLES

\$61,400

18 HOLES

\$106,400

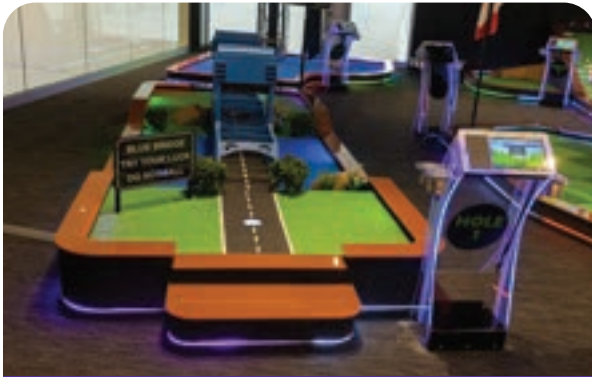

Fits your existing indoor mini golf course or a newly built course.

WHAT MAKES PUTT MANIA A GREAT CHOICE FOR FEC OPERATORS?

Upgrade your attraction

Want to bring something new to your FEC but don't have room to add another attraction? Putt Mania can make your existing mini golf course feel like a new attraction to guests without taking up more space.

New Spin On A Classic

Putt Mania adds self-scoring, interactive sounds and animations, and more strategic gameplay; however, it still plays like the traditional mini golf your customers know and love.

Backed By Years Of Experience

Putt Mania may be a new product, but the minds behind it aren't. Our engineers have decades of real-world engineer experience and developed LaserBlast, which has been utilized in over 500 locations in 30+ countries since 1997.

Customize To Your FEC

You can customize hole markers and leaderboard backgrounds, music, and sound effects, allowing you to match the Putt Mania experience to your existing theme.
